From AZ-MA: Our Struggle for Justice

Come to support and learn about the immigrant right's struggle for justice-

- * How Arizona's SB 1070 is impacting the immigrant community and violating basic human rights,
- * The successes in defending immigrant rights,
- * The current struggles in Massachusetts and Boston,
- * How you can support and take action.

Carlos Garcia is a community organizer from Phoenix Arizona. For the last four years Carlos has worked towards ending and educating about the constant human rights abuses of Sheriff Joe Arpaio, the 287(g) Agreements and Arizona's series of anti-migrant laws. Working with the PUENTE movement and the National Day Labor Organizing Network he has focused on using the example of Maricopa County to inform the country of the atrocities in ICE and Local Police collaboration.
